Applicant should state that the aforementioned claims are "Canceled" to comply with the current amendment practice of 37 CFR 1.121.

***Claim Rejections - 35 USC § 103***

Claims 16-20 are rejected under 35 U.S.C. 103(a) as being unpatentable over EP (1028150).

Claims 1-9 and 11-15 are rejected under 35 U.S.C. 102(b) as being anticipated by Mills (4,079,020).

***Response to Arguments***

1. Applicant's arguments filed 11/3/2003 have been fully considered but they are not persuasive.

Applicant argues that the prior art of record teaches methods that would have been used in conjunction with steps as claimed by applicant but not the specifically claimed rinse aid method.

The examiner contends and respectfully disagrees because one of ordinary skill in the art would have been motivated to use the cleansing or pre-treating compositions of the applied prior art as a rinse aid because each of the prior art of records teaches and uses the composition for the purpose of cleansing dishware and one of ordinary

skill in the art in the absence a showing to the contrary would have been motivated to use said compositions for rinsing or cleansing or a combination of both in view of their teachings as a whole.

***Conclusion***

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
